Suggestions for Improvement:	In your oral reflection with me, you stated that you would have liked more time with the lesson. I agree. This lesson could easily extend over a week. I appreciated your connection to writing and science. The writing piece offered a natural assessment opportunity to happen.
Overall Rating:	Proficient
Suggestions for Improvement:	You used multiple management strategies (thumbs up/down, count down to quiet). Your expectations were very clear and the students were able to understand them. You are extremely positive. It is obvious that you are very comfortable in front of a class, and your movement around the space was very natural. Great work!
